KUALA LUMPUR: Members of the Royal Malaysian Customs Department (JKDM) and Immigration Department (JIM) are advised to carry out their duties with full discipline and integrity, says Prime Minister Datuk Seri Anwar Ibrahim.

His call was made during a surprise visit to Penang International Airport (LTAPP) on Friday.

In a Facebook post, Anwar also wants them to ensure that there are no shortcomings which in turn could cause billions of ringgit in losses to the country.

In the same message which was also accompanied by a video recording of the Prime Minister's visit to LTAPP, Anwar said the visit was to see for himself the management and facilities of the airport as well as the deployment of personnel, especially JKDM and JIM, reported Bernama.

Anwar who is also Finance Minister, was briefed on Penang's development in Komtar in conjunction with his visit to the state. The briefing also discussed the expansion of LTAPP.
